## ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

09/13/2007

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

IPARK Lake Success  
Att: George Mullen  
1111 Marcus Ave  
Lake Success, NY 11042-1034

Dear Mr. Mullen:

A new Resource Conservation & Recovery Act Identification (RCRA ID) number = **NYR000147264** has been issued to the 1111 Marcus Ave, Lake Success, NY location for IPARK. The older existing RCRA ID number, *NYR000043521*, for this location was originally issued to Lockheed Martin Corp, and continues to be used by that company for remediation at the site.

Therefore please use the **NYR000147264** RCRA ID number on any manifests of hazardous waste material for your site. You may call me at 212-637-3194 with any questions regarding this issue.

Sincerely,

A handwritten signature in cursive script, appearing to read "B. Lopez".

Betsy,

I would make copy of the IPark March 2006 submission and include that Notification with new Notification under the new ID number. Since the March 2006 submission was processed as if it was a new operator at the existing site, the original Notification should reside in the original file.

Yes, create an Implementor record which copies Lockheed's most recent BR submittal for the old ID number. The alternative is just delete the old March 2006 IPark record from RCRAInfo and just have the paper record on file in the file room.

I hope this helps.

Norman,

I already left Mullen the one last time speech on his voice mail, and he didn't call me back. Since he didn't talk to you either, then he doesn't care what we want.

Actually, if you are suggesting that I call him again to take more specific information on his address over the phone, then I may as well process the form I have without further consent from him. I can use the words Lead Removal or Current Owner after the street name to indicate that we purposely issued a 2nd ID for the site. (What I wanted was a new submittal from the guy with a more specific address. But if we accepting the form he sent in, then I don't need to talk to him.)

Part 2 of this issue:

IPark originally notified in March 2006. They used the Previous owner's ID number when the Previous owner, Lockheed, was still undergoing remediation.

The Lockheed record currently shows IPark name because of the form received on 3/18/06 changing the name. Do I now leave IPark's record there to show how it was received with the wrong ID # on it, and create an Implementor record which copies Lockheed's most recent BR submittal? And do I enter IParks old form under the new IPark record or just enter a comment that refers to Lockheed's record stating that a form was received in 2006?

Betsy,

I only spoke to his secretary. He can't use someone else's ID number to manifest with. He still needs to get his own ID.

Try getting ahold of him again and let him know that this is the last time we contact him and then you will turn it over to Enforcement.

Norman,

You left the George Mullen form on my desk with a note stating you got the Email address. We needed additional street address info from the company in order to create a second record with the same address. Do you want to try to get that from them over the phone or do we put in Site 2 in the street address field?

George Mullen had also asked us not to process the form. Did he give you his consent?

Betsy
